EXPERIENCE

Software Developer

Aadrika Enterprises | Nov 2024 - Present

Jharkhand e-governance project (JUIDCO)

- Designed and enhanced UI components to deliver a responsive, intuitive, and user-friendly interface across all devices.
- Collaborated on multiple key modules of the project, focusing on layout structuring and UI consistency.

Grievance Management project

- Contributed to the Chatbot application module, enhancing its functionality and integration within the project.
- Improved UI/UX to ensure a smooth and interactive experience for users submitting and monitoring grievances.
- Implemented robust form validation and error handling to ensure data accuracy and enhance user trust.

Technologies Used: React.js, TypeScript, UI/UX Enhancement, API Integration

PROJECT:

Authorisation project using mern-stack : **Link**

- Developed a full-stack user authentication system with secure registration, login, account verification & password change functionalities. Built a secure backend using Node.js and Express.js incorporating **JWT** for token-based authentication and **Cors** to handle cross-origin requests.
- Implemented protected routes, user session handling and error notifications for a seamless user experience.
- Skills Used- React js, React Router, Node.js, Express,js, JWT, Mongodb, Cors and Tailwind Css

Food Delivery App: **Link**

- Developed a responsive and user-friendly food delivery website and utilized React-Dom to efficiently render interactive components and maintain performance.
- Implemented dynamic routing and seamless navigation using React Router.
- Skills Used- React js, React router dom and Tailwind CSS

Spotify Clone : **Link**

- Developed a responsive web application that replicates the core functionalities and design of Spotify.
- Created a dynamic music player with features like play, pause, and song selection.
- Skills Used- React js , React router dom and Tailwind CSS

INTERNSHIP

Web Development

 Briztech Infosystems (07/04/2023 - 07/07/2023)

- Developed an e-commerce web application by implementing front-end components using React js.
- Created interactive user interfaces with JavaScript, improving user engagement and site functionality.

EXTRA CURRICULAR ACTIVITY

Tutor at Kailasha Live Online Learning (Gives python and scratch classes to United States Students)
